mini Pal

hard drive + usb 2.0 & firewire hub + pushbutton™ backup for Mac mini

We know you love your Mac mini. But what if you need more? More storage, for instance. Or more connections for your digital devices—printer, scanner, camera, etc. What about backing up your precious digital photos, music and other files that you would hate to lose should something go wrong?

mini Pal provides your Mac mini with more storage capacity, more device connections, and more data protection with PushButton™ Backup. And like all good friends, mini Pal offers Mac mini its full support so that you don't need one extra iota of desktop space. Every Mac mini should have an pal like this.
